connection. A connection that feels psychic. You can build on that. If you feel that you have some psychic connection to a loved one, this ritual can make that connection much deeper. Be aware that such connections can leave you more open to being read by the other person, so only use it when there is genuine love and trust. You can perform this ritual alone, focusing on your connection to the other, or you can both perform the ritual, if you both have an interest in magick. (It can be performed at the same time, or on different days if you prefer). You will find that in the days and months following this ritual, the connection grows, and you will sense more thoughts, share more dreams, and get a deep intuitive sense of each other's feelings. If you have little or no sense of a psychic connection, you can use this ritual to encourage one. It may be slight at first, but it can build over time. Increase Psychic Connection AH-RAH-REE-TAH KAH-SEE-YAH YEE-AH-HAH-VEEV-GEH-HAH HAW-ELL YAW-NEE-ELL DAH-NOO-ELL AH-KAH-NAHV HAH-RAHCH Overcome Bitterness, Jealousy and Hatred When you are trapped in bitterness, it eats away at you. Jealousy makes you exhausted, rather than motivated. Hatred makes you weak, and can amplify an overall sense of sorrow. It's healthy to experience a full range of emotions, because even negative emotions can help you to gain insight into your life. But when you feel stuck in bitterness, jealousy or hatred, turn to this ritual for release. With this particular ritual, the focus on the negative emotion in the first part of the process can make it challenging to transmute your emotion. The solution is to shift your thoughts to something else altogether; something that generates positive emotions. So you may perform this ritual to get over the jealousy you feel about your brother's thriving career. In the early part of the ritual you focus on that jealous feeling. When it's time to transmute the emotion, it might be too difficult to let go of the jealousy. After all, that's why you're doing the ritual. So forget about your brother, and simply think about anything in your life that makes you smile, laugh or feel otherwise happy and relieved. When you capture this emotion, try to add in a sense of gratitude. Feel grateful that your emotions are free once more. At that point, you begin to say the Words of Power. You will find the negative emotions lift after some hours or days. When adapted (using the instructions from Adapting the Method) this ritual can also be used as influence magick, to reduce bitterness, jealousy or hatred in somebody else, making it a powerful way to bring more peace to your life. Overcome Bitterness, Jealousy and Hatred AH-DEER-EAR-AWN KAH-TAH-KAH-YAH YEEF-HAHZ-VUH-KAY-HAH AHZ-BOO-GAH SAHN-SEE-NAH-OO-EE CHAH-NEE-ELL REH-HAW Receive Guidance An angel cannot tell you what to do, but angels are willing to offer guidance, because they know what it is that you really want. They can sense what you genuinely want, which may be quite different to the things you believe you want. They can also sense which of your desires are most likely to manifest. By working with this angelic power, you will be able to get past old assumptions and habits of thought, and be guided to know what you really want, and what you can achieve. You may want a deeper understanding of another person, a situation, or an entire area of your life. There may be an upcoming situation that you don't know how to handle or a decision you have to make. Any time that you wish there was somebody to give you an answer, you can turn to this ritual. You will rarely hear an angelic whisper telling you what it is that you should do. Most of the time you will get a flash of insight, see a sign or get a strong feeling or intuition about how to proceed. When this occurs, know that you have received the guidance you sought. The magick may be subtle, but it is immensely powerful.
